

Thomas THIRY

Technical Agile & DevOps Coach (Software Craftsmanship) / Author / Speaker / Teacher

0479/73.02.71

thomas.thiry@evolve11.com

74, rue colonel van Gele 1040

Brussels (Etterbeek)

Born in 1984 (35 years old)

12 years of professional experience

I help teams improve their delivery by adopting Agile technical practices and a DevOps mindset. This often means sitting directly with developers and coding together. While reducing lead-time, bugs and waste in general, I focus on increasing value for the end-users by establishing efficient feedback loops.

<p>Professional Profile</p>	<p>Technical Agile & DevOps Coach</p> <ul style="list-style-type: none"> ▪ Global agile & DevOps approach (organizational + technical) ▪ Extreme programming and software craftsmanship (TDD, pair programming, refactoring...) ▪ Focus on rapid delivery to production and high quality for sustainable progress. ▪ Experience in .Net development (C#)
